Dear Mr. Grams:

I would like to take this opportunity to congratulate Azco, Inc. for your safety performance at Dry Fork Station during 2009. You have reached an enviable milestone without an OSHA reportable incident or lost-time incident. To achieve this, it takes dedication and active safety support from managers, supervisors, and employees. Please pass on my congratulations to your employees.

Thank you very much for your attention to safety and contributing to a safe construction project. With that commitment, I look forward to your continued safety success as the project continues to evolve.
